**'Cats' Leaps Onto The Norris Theatre Stage**  
**April 24 - May 10**

Andrew Lloyd Webber's legendary Broadway musical, "Cats," will be presented at the Norris Theatre in Rolling Hills Estates for 11 performances, April 24 - May 10. With its dazzling choreography, whimsical costumes and magnificent score "Cats" won seven Tony awards including Best Musical. The show has endured for more than 30 years as one of the most breathtaking theatrical experiences of all time, becoming the second-longest running show in Broadway history, as well as a world-wide sensation.

Produced by James Gruessing for Palos Verdes Performing Arts, "Cats" is directed and choreographed by Janet Renslow, with musical direction by Robert Hoyt.

Based on T.S. Eliot's collection of poems, "Old Possum's Book of Practical Cats," the musical tells the imaginative story of the annual gathering of the Jellicle cats, where one of them will be chosen to ascend to the Heaviside Layer to be reborn. Through song and dance, each cat tries to show the wise elder, Old Deuteronomy, that they are the most worthy of a new life.

"Cats" features Andrew Lloyd Webber's immortal ballad "Memory," sung by the character Grizabella as she reflects on her glamorous past. The song has been covered by over 150 artists, notably Barbra Streisand, whose version reached the top 10 on the Billboard Adult Contemporary chart.

"There is simply nothing else like 'Cats,' and there is no better way to introduce families to the wonders of live, professional theater than with this enthralling show," said Palos Verdes Performing Arts Artistic Director, James Gruessing. "The musical completely transports the audience into a

stunning, feline fantasy world. With no seat further than 10 rows from the stage, the intimate setting of the Norris Theatre will bring the spectacular 'Jellicle Ball' with trouble-makers Mungojerrie and Rumpleteazer, the magical Mr. Mistoffelees and the suave Rum Tum Tugger, to life in a way that is rarely seen."

A true musical theater phenomenon, "Cats" opened in London in 1981 and ran for a record-setting 21 years. The production's London success was nearly matched on Broadway where it ran for 18 years, ushering in the era of the mega musical. Since its world premiere, "Cats" has captivated over 65 million people in 26 countries and 250 cities around the world, and has been performed in at least 10 different languages.

Continuing to live up to its motto of playing "Now and Forever," a new touring production of "Cats" premiered in London in 2013, and Andrew Lloyd Webber recently announced that he is working to bring the musical back to Broadway next year.

The 23-member Norris Theatre cast features: Gina D'Acciaro as Grizabella; Jake DuPree as Mr. Mistoffelees; Robert Hoyt as Deuteronomy; Bill Ledesma as Munkustrap and Joel Abelson as Rum Tum Tugger.

The production is generously sponsored by The Daily Breeze, RE/MAX Estate Properties, Southbay Magazine and Clix Portrait Studios.
